Performance and Engine Specifications

The 2012 Honda Accord EX-L V6 manual coupe is equipped with a 3.5-liter V6 engine that delivers an impressive balance of power and efficiency. This engine produces 271 horsepower and 251 lb-ft of torque, providing strong acceleration and confident highway merging capabilities. Coupled with a 6-speed manual transmission, this setup offers drivers a more engaging and precise control over power delivery compared to the automatic variants.

Engine Details

The V6 engine in this Accord features Honda's Variable Valve Timing and Lift Electronic Control (VTEC) system, optimizing performance across different RPM ranges. The aluminum alloy construction helps reduce weight, enhancing both fuel economy and handling. This powertrain is well-regarded for its smoothness, reliability, and ability to maintain power throughout the rev range.

Transmission and Drivetrain

The 6-speed manual transmission available in the EX-L V6 coupe is designed for enthusiasts who prefer a hands-on driving experience. The gearbox features precise shifts and a well-weighted clutch pedal, contributing to a sporty feel. The front-wheel-drive system ensures predictable handling characteristics and efficient power delivery in a variety of driving conditions.

Performance Highlights

- 0-60 mph acceleration in approximately 6.0 seconds
- Top speed limited electronically for safety
- Responsive throttle and smooth power band
- Sport-tuned suspension for improved cornering

Exterior Design and Styling

The 2012 Honda Accord EX-L V6 manual coupe presents a sleek, aerodynamic silhouette that emphasizes its sporty character. The coupe's two-door design enhances its appeal to drivers seeking a stylish vehicle with aggressive lines and modern aesthetics. Honda's attention to detail in exterior styling adds both function and form to this model.

Body and Dimensions

The coupe measures approximately 189.2 inches in length with a wheelbase of 109.3 inches, offering a balanced stance on the road. The low roofline and sculpted side panels reduce drag and improve visual appeal. Distinctive features include a subtle rear spoiler, chrome accents, and 17-inch alloy wheels as standard.

Lighting and Visibility

Standard exterior lighting includes projector-beam halogen headlights and integrated LED daytime running lights, enhancing visibility and safety. Fog lights are also included in the EX-L trim, improving driving conditions in adverse weather. The power side mirrors with integrated turn signals complement the overall design and aid in visibility.

Interior Comfort and Technology

The interior of the 2012 Honda Accord EX-L V6 manual coupe is designed to provide both luxury and functionality. Equipped with leather-trimmed seats and high-quality materials throughout the cabin, the EX-L trim elevates the driving environment significantly over base models. The layout prioritizes driver convenience and passenger comfort, making it suitable for daily commutes and longer journeys.

Seating and Materials

The front seats are power-adjustable with lumbar support for the driver, while heated seating is standard, providing added comfort in cooler climates. Rear seats accommodate passengers comfortably, though space is more limited compared to the sedan version due to the coupe's design. The leather upholstery is complemented by soft-touch surfaces and tasteful chrome accents.

Technology Features

This model includes a premium 7-speaker audio system with a 6-disc in-dash CD changer, auxiliary input, and available satellite radio. The EX-L trim also offers Bluetooth hands-free connectivity, a leather-wrapped steering wheel with audio and cruise controls, and an available navigation system with voice recognition. Dual-zone automatic climate control ensures personalized comfort for both driver and passenger.

Convenience and Storage

- Center console with storage compartment
- Rear seat pass-through for longer cargo
- Power windows and door locks
- Keyless entry with security system

Safety Features and Ratings

Safety is a critical aspect of the 2012 Honda Accord EX-L V6 manual coupe, with numerous features designed to protect occupants in various scenarios. Honda incorporated advanced passive and active safety systems to meet stringent safety standards and provide peace of mind to drivers and passengers alike.

Active Safety Systems

The coupe is equipped with anti-lock brakes (ABS) with electronic brake distribution (EBD) and brake assist, enhancing stopping power and vehicle stability during emergency braking. Vehicle Stability Assist (VSA) with traction control helps maintain control on slippery surfaces or during abrupt maneuvers.

Passive Safety Features

Standard airbags include front, side-impact, and side curtain airbags for comprehensive occupant protection. The body structure utilizes Honda's Advanced Compatibility Engineering (ACE) design, which improves crash energy management in frontal collisions. Additionally, three-point seat belts with pre-tensioners and load limiters are standard for all seating positions.

Safety Ratings

The 2012 Accord coupe received high marks from the National Highway Traffic Safety Administration (NHTSA) and the Insurance Institute for Highway Safety (IIHS), reflecting its robust safety engineering. These ratings contribute to the vehicle's reputation as a secure and reliable choice in its class.

Driving Experience and Handling

The 2012 Honda Accord EX-L V6 manual coupe delivers a driving experience that combines comfort with sportiness. The manual transmission enhances driver involvement, while the V6 engine provides ample power for spirited driving. This section discusses the suspension, steering, and overall ride quality.

Suspension and Steering

The coupe features a sport-tuned independent suspension system with MacPherson struts upfront and a multi-link setup in the rear. This arrangement offers a balanced mix of ride comfort and responsive handling. The electric power-assisted rack-and-pinion steering provides precise feedback, making cornering and maneuvering intuitive and enjoyable.

Ride Comfort and Noise

The cabin is well-insulated from road and wind noise, contributing to a quiet and relaxed environment during highway cruising. Suspension tuning absorbs most bumps effectively, although firmer settings enhance the coupe's athletic character. Overall, the ride quality supports both daily driving and more enthusiastic outings.

Driver Engagement

- Manual transmission with smooth and accurate shifts
- Responsive throttle for quick acceleration
- Balanced chassis for confident cornering
- Sport mode available for transmission and throttle response

Fuel Economy and Maintenance

The 2012 Honda Accord EX-L V6 manual coupe offers competitive fuel efficiency for a V6-powered midsize coupe. With attentive maintenance, this model is known for its durability and relatively low cost of ownership. This section highlights fuel economy figures and maintenance considerations.

Fuel Efficiency

EPA fuel economy estimates for the V6 manual coupe are approximately 19 miles per gallon in the city and 29 miles per gallon on the highway. These figures represent a balance between performance and economy, making the car practical for daily use despite its powerful engine.

Maintenance and Reliability

Honda's reputation for reliability extends to the 2012 Accord coupe, with many owners reporting trouble-free operation beyond 100,000 miles. Routine maintenance such as oil changes, brake inspections, and transmission service is essential to preserve performance and longevity. Parts availability and service expertise are widely accessible due to the model's popularity.

Maintenance Checklist

- Regular oil and filter changes every 5,000 to 7,500 miles
- Transmission fluid inspection and replacement as recommended
- Brake system checks and pad replacement when needed
- Tire rotation and alignment for even wear
- Cooling system flush and inspection
