

2023 acura tlx manual

2023 acura tlx manual enthusiasts and prospective buyers alike will find this article a comprehensive resource on the latest generation of this luxury sedan. The 2023 Acura TLX manual transmission variant offers an engaging driving experience combined with cutting-edge technology and refined design. This article explores the specifications, features, performance, and driving dynamics of the 2023 Acura TLX manual, emphasizing the unique appeal of its manual gearbox. Additionally, it covers the available trims, engine options, and safety features, providing a complete overview for those interested in this model. Whether you are a driving purist or simply seeking detailed information on the 2023 Acura TLX manual, this guide will address key aspects to help inform your decision. The following sections will delve into the design, performance, technology, and safety elements that make the TLX stand out in its segment.

- Exterior and Interior Design
- Performance and Engine Specifications
- Transmission and Driving Dynamics
- Technology and Infotainment Features
- Safety and Driver Assistance Systems
- Trim Levels and Pricing

Exterior and Interior Design

The 2023 Acura TLX manual maintains a sleek, modern aesthetic that blends aggressive styling with luxury. Its bold front grille, sharp LED headlights, and aerodynamic body lines contribute to a distinctive presence on the road. Acura's signature Diamond Pentagon grille is complemented by sculpted side panels that enhance both form and function.

Exterior Features

Key exterior elements of the 2023 Acura TLX manual include:

- LED Jewel Eye headlights and taillights for enhanced visibility
- 19-inch alloy wheels that provide a sporty stance
- Power-folding, heated side mirrors with integrated turn signals
- Available A-Spec package adding sportier body accents and blacked-out trim

- Sunroof options for open-air driving experience

Interior Comfort and Materials

The cabin of the 2023 Acura TLX manual is crafted with premium materials and designed to maximize comfort and driver engagement. Leather-trimmed seats with available ventilated front seats offer both luxury and functionality. The driver-centric cockpit includes a digital instrument cluster and a multi-angle rearview camera for convenience.

Performance and Engine Specifications

The 2023 Acura TLX manual is engineered to deliver a dynamic driving experience with responsive powertrains. The model equipped with a manual transmission typically pairs with a turbocharged four-cylinder engine, emphasizing both efficiency and spirited performance.

Engine Options

The primary engine offered in the 2023 Acura TLX manual is a 2.0-liter turbocharged inline-4 that produces approximately 272 horsepower and 280 lb-ft of torque. This powertrain balances fuel economy with quick acceleration and smooth power delivery suitable for daily driving and enthusiast use.

Fuel Efficiency

The fuel economy ratings for the 2023 Acura TLX manual are competitive within the luxury sport sedan segment. Estimated EPA ratings indicate:

- City: Approximately 22 miles per gallon
- Highway: Approximately 31 miles per gallon
- Combined: Around 25 miles per gallon

These figures highlight the TLX manual's ability to offer performance without sacrificing efficiency.

Transmission and Driving Dynamics

The standout feature of the 2023 Acura TLX manual is its six-speed manual transmission, catering to driving purists who value control and engagement. This transmission option is relatively rare in the luxury sport sedan market, making the TLX manual a unique offering for enthusiasts.

Manual Transmission Features

The six-speed manual gearbox features a short-throw shifter designed to provide precise and quick gear changes. This setup enhances the connection between driver and vehicle, allowing for an involved driving experience that automatic transmissions cannot replicate.

Handling and Suspension

The 2023 Acura TLX manual benefits from a sophisticated suspension system that balances sporty handling with ride comfort. Key components include:

- Double-wishbone front suspension and multi-link rear suspension for improved stability
- Available Adaptive Damper System to adjust stiffness based on driving conditions
- Precision All-Wheel Steer (P-AWS) system on select trims improves cornering agility
- Performance-oriented tires that provide enhanced grip and responsiveness

These features combine to offer confident steering and a composed ride, whether on winding roads or daily commutes.

Technology and Infotainment Features

The 2023 Acura TLX manual integrates modern technology to enhance convenience, connectivity, and entertainment. The driver and passengers benefit from a suite of advanced features designed to keep the cabin connected and comfortable.

Infotainment System

The TLX manual is equipped with a high-resolution 10.2-inch infotainment display controlled via a True Touchpad Interface. This system supports Apple CarPlay and Android Auto, allowing seamless smartphone integration for music, navigation, and communication.

Audio and Connectivity

Audio options include a premium ELS Studio 3D® sound system that delivers immersive sound quality through multiple strategically placed speakers. Additional connectivity features include Bluetooth hands-free calling and USB charging ports for front and rear passengers.

Safety and Driver Assistance Systems

Safety is a fundamental aspect of the 2023 Acura TLX manual, which comes standard with a

comprehensive suite of driver assistance technologies aimed at preventing accidents and enhancing occupant protection.

AcuraWatch™ Suite

The AcuraWatch™ package is standard and includes:

- Collision Mitigation Braking System™ (CMBS™)
- Adaptive Cruise Control with Low-Speed Follow
- Lane Keeping Assist System (LKAS)
- Road Departure Mitigation System (RDM)
- Traffic Sign Recognition

Additional Safety Features

Additional safety elements include a multi-angle rearview camera, front and rear parking sensors, and a comprehensive airbag system. The 2023 Acura TLX manual's chassis and body structure are engineered to meet or exceed stringent crash safety standards.

Trim Levels and Pricing

The 2023 Acura TLX manual is available in select trims that offer varying levels of features and options. The manual transmission is typically paired with a base or mid-level trim to appeal to enthusiasts seeking performance and value.

Available Trims

Common trims for the 2023 Acura TLX manual include:

- Standard trim with essential luxury features and the 2.0-liter turbocharged engine
- A-Spec trim offering sportier styling and enhanced suspension tuning

Pricing Overview

The starting MSRP for the 2023 Acura TLX manual generally ranges from the mid-\$40,000s, depending on trim and optional packages. This pricing positions the TLX manual competitively among

other luxury sport sedans that offer manual transmission options.

Frequently Asked Questions

Is the 2023 Acura TLX available with a manual transmission?

No, the 2023 Acura TLX is not available with a manual transmission. Acura offers the TLX exclusively with automatic transmissions, including an 8-speed dual-clutch automatic in some trims.

Why did Acura discontinue the manual transmission option for the 2023 TLX?

Acura discontinued the manual transmission option for the 2023 TLX due to low demand and a market trend favoring automatic transmissions, which also contribute to better fuel efficiency and smoother performance.

Are there any Acura TLX models from previous years that offer a manual transmission?

Yes, the Acura TLX offered a 6-speed manual transmission option in the 2021 model year, but this was limited to the base front-wheel-drive model and discontinued afterward.

What transmission does the 2023 Acura TLX use?

The 2023 Acura TLX uses an 8-speed dual-clutch automatic transmission for the Type S model and a 10-speed automatic transmission for other variants.

Can I modify a 2023 Acura TLX to have a manual transmission?

While it might be technically possible to swap transmissions, converting a 2023 Acura TLX to a manual transmission would be highly complex, costly, and is generally not recommended due to compatibility and warranty issues.

What are the driving benefits of the transmission used in the 2023 Acura TLX?

The 8-speed dual-clutch automatic transmission in the 2023 Acura TLX provides quick and smooth gear changes, improved acceleration, and enhanced fuel efficiency compared to traditional automatics.

Does the lack of a manual transmission affect the driving

experience of the 2023 Acura TLX?

While some enthusiasts prefer manuals for more driver engagement, the advanced automatic transmissions in the 2023 TLX deliver responsive performance and convenience, appealing to a broader range of drivers.

Are there any other Acura models in 2023 that offer a manual transmission?

No, Acura's 2023 lineup does not include any models with a manual transmission option, as the brand has shifted focus toward advanced automatic and dual-clutch transmissions.

Additional Resources

1. *Mastering the 2023 Acura TLX Manual Transmission*

This comprehensive guide dives deep into the mechanics and driving techniques specific to the 2023 Acura TLX with a manual transmission. It covers everything from the basics of operating a manual gearbox to advanced driving tips for maximizing performance and fuel efficiency.
