Understanding the exam's structure, question types, and timing helps candidates approach the test with a clear plan.

Exam Structure and Format

The total exam includes 170 multiple-choice questions, but only 150 are scored; the rest are pretest questions used for future test development. Test-takers have 209 minutes (approximately 3 hours and 29 minutes) to complete the exam. The sections are divided as follows:

- Reading: 53 questions, 64 minutes
- Mathematics: 36 questions, 54 minutes
- Science: 53 questions, 63 minutes
- English Language Usage: 28 questions, 28 minutes

Scoring and Passing Criteria

ATI TEAS 6 scores range from 0 to 100, representing the percentage of correctly answered questions. Many programs require a minimum score of around 60-70%, but this varies by institution.
