The Haunting of the Woods Cabin

In the fall of 1990, a group of friends decided to spend a weekend in a cabin deep in the woods of Pennsylvania. What they thought would be a weekend of fun and bonding quickly turned into a nightmare.

1. The Setup: The group arrived at the cabin, excited to disconnect from the world. The first night passed without incident, but things took a turn on the second night.
2. Unexplained Phenomena: As darkness fell, the friends began to hear strange noises outside. They dismissed them as animals until they noticed strange symbols carved into the trees surrounding the cabin.
3. Night of Terror: The group reported feeling a heavy presence in the cabin, with doors slamming and cold drafts permeating the air. They decided to leave early, but as they packed, they discovered that their car wouldn't start.
