Origins of The Chronicles of Narnia

C.S. Lewis, a scholar and writer, began work on The Chronicles of Narnia during a time when he was deeply influenced by his Christian beliefs, as well as his love for mythology, fairy tales, and folklore. The idea for Narnia is said to have originated from a simple image that came to Lewis during a trip to the countryside: a faun carrying an umbrella and packages in a snowy wood. This image sparked his imagination and laid the groundwork for the entire series.

Lewis initially wrote *The Lion, the Witch and the Wardrobe*, which was published in 1950. The success of this book encouraged him to continue and expand the Narnia universe. Over the next six years, he completed the remaining six books, ultimately creating a comprehensive and interconnected narrative that would capture the hearts of readers worldwide.
