

# coleman tahiti plus spa manual

**Coleman Tahiti Plus Spa Manual** provides essential guidance for users of the Coleman Tahiti Plus inflatable hot tub, a popular choice for relaxation and hydrotherapy. This article aims to deliver comprehensive insights into the features, setup, maintenance, and troubleshooting of the Coleman Tahiti Plus Spa, ensuring users can enjoy a seamless spa experience.

## Overview of the Coleman Tahiti Plus Spa

The Coleman Tahiti Plus Spa is designed for comfort, convenience, and enjoyment. This inflatable hot tub can accommodate up to four people, making it a great choice for small gatherings or personal relaxation. The spa features a durable, puncture-resistant material and comes equipped with an integrated heating system and a massage system that creates soothing bubbles.

## Key Features

Here are some of the standout features of the Coleman Tahiti Plus Spa:

- **Capacity:** Accommodates up to 4 adults.
- **Heater:** Equipped with a rapid heating system to provide warm water.
- **Massage System:** Features 120 bubble jets for a relaxing experience.
- **Durability:** Constructed from puncture-resistant material for long-lasting use.
- **Energy Efficient:** Insulated cover helps retain heat and save energy.

## Setting Up Your Coleman Tahiti Plus Spa

Setting up the Coleman Tahiti Plus Spa is a straightforward process. Follow these steps for a successful installation:

## Step-by-Step Setup Guide

1. **Choose a Location:** Select a flat, stable surface that can support the weight of the

spa when filled with water. Ensure there's access to a power outlet.

2. **Inflate the Spa:** Use the included inflation pump to inflate the spa. Make sure it is firm but not overly stretched.
3. **Fill with Water:** Use a garden hose to fill the spa with water. The water level should be at least 8 inches above the bottom of the spa.
4. **Connect the Heater and Filter:** Attach the pump and filter unit to the spa. Ensure all connections are secure.
5. **Heat the Water:** Turn on the heater and set your desired temperature. It may take several hours to reach the desired heat.
6. **Enjoy Your Spa:** Once the water is heated, you are ready to relax and enjoy your Coleman Tahiti Plus Spa!

## Operating Your Coleman Tahiti Plus Spa

Understanding how to operate your spa is crucial for maximizing its benefits. The Coleman Tahiti Plus Spa has intuitive controls that allow you to manage temperature and massage settings easily.

### Control Panel Functions

The control panel features several buttons, each serving a specific function:

- **Temperature Control:** Adjust the water temperature to your preference.
- **Bubble Jets:** Activate or deactivate the massage jets.
- **Timer:** Set a timer for automatic heating and operation.

## Maintenance Tips for Your Coleman Tahiti Plus Spa

Regular maintenance is essential for keeping your Coleman Tahiti Plus Spa in optimal condition. Here are some maintenance tips to ensure longevity and cleanliness:

## Water Care

Maintaining the water quality is crucial for a safe and enjoyable hot tub experience. Follow these water care tips:

1. **Testing Water:** Use test strips to check pH, alkalinity, and sanitizer levels regularly.
2. **Sanitization:** Add appropriate sanitizers (like chlorine or bromine) to keep the water clean and free of bacteria.
3. **Shock Treatment:** Perform shock treatments weekly to eliminate impurities and contaminants.
4. **Water Replacement:** Change the water every 3-4 weeks, depending on usage.

## Cleaning the Spa

Keeping the spa clean is vital for hygiene and comfort. Here are some cleaning tips:

- **Surface Cleaning:** Use a soft cloth and mild detergent to wipe down the interior and exterior surfaces.
- **Filter Maintenance:** Clean the filter cartridge every two weeks and replace it every 1-2 months.
- **Cover Care:** Clean the cover regularly and ensure it's secured when the spa is not in use to prevent debris accumulation.

## Troubleshooting Common Issues

Even with proper care, users may encounter issues with their Coleman Tahiti Plus Spa. Here are some common problems and their solutions:

### Common Problems and Solutions

1. **Water Not Heating:** Check if the heater is turned on, the power supply is connected, and the temperature is set correctly.

2. **Bubbles Not Working:** Ensure the bubble jet function is activated and check for any clogs in the jets.
3. **Water Cloudiness:** Test the water quality. Adjust pH and sanitizer levels as necessary and perform a shock treatment.
4. **Leakage:** Check the seams and connections for any signs of leaks. If found, consider patching or contacting customer support.

## Conclusion

The Coleman Tahiti Plus Spa is an excellent investment for anyone looking to enjoy the benefits of hydrotherapy in the comfort of their home. By following the guidelines outlined in this article, including setup, operation, maintenance, and troubleshooting, users can ensure a long-lasting and enjoyable spa experience. Always refer to the official **Coleman Tahiti Plus Spa Manual** for specific details and warranty information to protect your investment. Happy relaxing!

## Frequently Asked Questions

### What is the Coleman Tahiti Plus Spa and what are its main features?

The Coleman Tahiti Plus Spa is an inflatable hot tub designed for relaxation and hydrotherapy. Its main features include a spacious seating capacity for 4-6 people, a rapid heating system, AirJet massage system, and a durable puncture-resistant material.

### How do I set up the Coleman Tahiti Plus Spa?

To set up the Coleman Tahiti Plus Spa, first find a flat and level surface. Unpack the spa, inflate it using the included pump, fill it with water, plug it into an electrical outlet, and then set the desired temperature using the control panel.

### What maintenance is required for the Coleman Tahiti Plus Spa?

Regular maintenance includes checking and adjusting the water chemistry, cleaning the filter cartridge, and ensuring the spa is covered when not in use. It's also recommended to drain and refill the spa every 1-3 months depending on usage.

### Can the Coleman Tahiti Plus Spa be used in winter?

Yes, the Coleman Tahiti Plus Spa can be used in winter, but it's important to ensure that it

is properly winterized and that the water temperature is adequately maintained to prevent freezing.

## **What should I do if the heater of my Coleman Tahiti Plus Spa is not working?**

If the heater is not working, check the power supply and ensure the spa is plugged in. Verify that the water level is above the minimum sensor and that the filter is clean. If issues persist, consult the manual for troubleshooting tips or contact customer support.

## **How long does it take for the Coleman Tahiti Plus Spa to heat up?**

The Coleman Tahiti Plus Spa typically takes around 24 hours to heat the water from cold to the desired temperature of 104°F (40°C), depending on the initial water temperature and ambient conditions.

## **Where can I find the Coleman Tahiti Plus Spa manual?**

The Coleman Tahiti Plus Spa manual can be found online on the official Coleman website or through the retailer where the spa was purchased. It's often available in PDF format for easy download.
