Grounding is essential for connecting with spirit guides. Here's how to do it:

- Sit comfortably with your feet flat on the ground.
- Take a few deep breaths, inhaling through your nose and exhaling through your mouth.
- Visualize roots extending from your feet into the earth, anchoring you and providing stability.

2. Entering a Meditative State

Once grounded, proceed with the following:

- Close your eyes and focus on your breath. Allow each inhale and exhale to become slow and rhythmic.
- Visualize a calming light surrounding you, filling you with peace and tranquility.

- Visualize the light surrounding you slowly dissipating, grounding yourself back in the present moment.
- Take a few deep breaths, wiggle your fingers and toes, and gently open your eyes.
