Understanding Greater Rifts

Greater Rifts are a special type of endgame content in Diablo 3 designed to challenge players with progressively difficult levels. Unlike regular rifts, Greater Rifts require players to complete a specific objective within a limited time frame. Here's a breakdown of their core components:

What are Greater Rifts?

- **Timed Challenges:** Each Greater Rift has a time limit, generally starting at 15 minutes, which decreases as you progress to higher levels.
- **Rift Keys:** Players need Greater Rift Keys to enter. These keys can be obtained from completing regular rifts.
- **Level Scaling:** The difficulty of Greater Rifts scales with each level, increasing the number of enemies and their health, damage, and the density of mobs.
- **Guardian Encounter:** At the end of each Greater Rift, players must defeat a powerful Guardian, unique to that level.

How to Access Greater Rifts

1. **Complete a Nephalem Rift:** Before you can access Greater Rifts, you must first complete a Nephalem Rift.
2. **Obtain Greater Rift Keys:** After finishing a Nephalem Rift, you will receive a Greater Rift Key as a reward.
3. **Use the Key:** Head to the Greater Rift portal located in the Adventure mode hub and select the desired Greater Rift level.
